

HINT'S & TIPS

With our wealth of experience and as part of our service, we can offer advice on various aspects of your function to maximize the enjoyment. Did you know for instance :

- In our experience it is beneficial to issue tickets or invitations for your function with a 20 - 50% overflow dependent on your event type. With weddings of course this applies to the evening reception only. If you look at an average 75% attendance for a Wedding and 50 - 60% for a Birthday / Engagement Party.
- Always bear the above in mind when booking a venue, a full compact function suite makes for a much better atmosphere than a half empty vast sports hall
- Consider the hours of the venue, some can finish at 11.00pm whilst others (with prior notice) can go through to 1.00am or later
- Don't forget to enjoy yourself - It may seem silly but so many people are so concerned that everybody is enjoying themselves that they forget about themselves. Of course greet and chat with your guests but then let your hair down. After all those months of planning you deserve it!

EXPERIENCE

Arranging the music for a function can be a real headache, choosing a suitable mobile disco from something like the Yellow Pages can turn into a real lottery. Having worked at Night Clubs, Wine/Theme Bars and prestigious hotels throughout the county our DJ's obviously have to be of a very high standard. Venues worked at include:

The Avenue(Gillingham)
 JJ's(Sittingbourne)
 Flat Foot Sams (Ashford)
 DaVinchis (now Liquid Lounge - Maidstone)
 Hilton Hotel (Maidstone)
 Polo Club (Maidstone)

Further, we try to give you as much information as possible and positively encourage you come up with as many musical requests that you can think of to give us a 'good feel for the event'. With our vast varied record/CD collection we can cater for all types of functions both private and corporate.

SOUND

For your aural pleasure the following club standard equipment is available for all of our shows.

Pioneer DJM 500 mixer

This industry standard mixer boasts superb sound quality coupled with a range of high quality effects. Can be found in the majority of good nightclubs around the country.

Technics SL1210

These little babies have been around for over 10 years and no other manufacturer has come close to beating them. With a variable speed control and rock solid quartz motor allowing the DJ complete control over his records.

Peavy Hisys Speakers

The name synonymous with quality PA equipment for the biggest of bands, the Hisys range of speakers offer an excellent solid sound at any volume level. Our rig is powered by a 1400 watt system as standard, which is more than adequate for most venues, although larger systems are available on enquiry.

Numark CDN 22
 Dual CD Player

Providing the clarity of digital sound with the robustness and flexibility demanded by the DJ. With pitch control and jog wheel this unit allows the DJ to provide an evening of seamless musical entertainment.

In addition we carry a full backup rig should any of our original PA system fail (which is very rare), to avoid any disappointment.

LIGHTING

Our lighting effects are manufactured by Abstract and Martin, two of the most respected names in the business. Our 'state of the art' intelligent scanner units are linked to a programmable computerised control unit allowing for the most dramatic to the most subtle of effects at the touch of a button. Finished off with a high powered dedicated strobing unit and fog effect machine (where venue smoke alarms allow!), our light show has to be seen to be believed. The pictures opposite give a good example as to what our lighting effects are capable of!

CUSTOMERS

In addition to our advertising in the Yellow Pages a lot of our work comes from recommendation and repeat bookings from satisfied customers.

Below are a couple of examples of the feed back received

18th Birthday Party

Thanks for a great disco on Saturday. They all enjoyed themselves, Gem certainly did, and she loved the music. Look forward to getting the cd.
 Thanks again

Mrs Mahoney
 Sevenoaks

Wedding Reception

Many, many thanks to all our friends had a fantastic time - the music was spot on.
 Thanks very Much

Mr & Mrs J Baker
 Bearstead, Maidstone
